Business name _____

Lash Extensions Consent

The biggest risk here is an allergic reaction to the adhesive, which can cause significant swelling around the eyes. It's worth asking about a patch test if you've never had extensions before. Removing them incorrectly (picking, pulling) can also damage your natural lashes, so always get them removed by a professional.

Full name

Date of birth

Home address

Any known allergy to lash adhesive or latex? ☐ Yes ☐ No

Any eye conditions, recent eye surgery, or do you wear contact lenses? ☐ Yes ☐ No

Have you had a reaction to lash extensions before? ☐ Yes ☐ No
