

Business name _____

Brow Henna Consent

Henna is generally gentler than chemical tint, but allergic reactions still happen, particularly to black or "enhanced" henna with added dye. A patch test at least 24–48 hours beforehand is the only reliable way to check, which is what the question below is confirming.

Full name _____

Date of birth _____

Home address _____

Have you had a patch test for this henna within the last 6 months, with no reaction? ☐ Yes ☐ No

Any known allergy to henna or plant-based dyes? ☐ Yes ☐ No

Any eye conditions or recent eye surgery? ☐ Yes ☐ No

☐ I confirm the information I've given above is accurate, and I consent to this treatment.

☐ I give my explicit consent for the business named above to use the health information on this form to provide my treatment safely.
